## THE CANVASS.

Nothing to Materially Affect Cleveland's Plurality.

EVERY CITIZEN WILL SUBMIT

To the Determination of the Constitution, Says the Board of Trade.

### The Official Canvass.

New York, November 12.—The board of county canvassers resumed its session to-day. The room was filled with politicians and lawyers representing the Republican and Democratic parties. Committees on protests and corrected returns were appointed, and the canvass of the First Assembly District was begun. It was found after proceeding a short way down the district that the Democratic electoral ticket was not properly filled in, and that there were clerical discrepancies or omissions. On motion, the whole district was referred to the committee on corrected returns. The results of the complete official canvass have not yet been received from Delaware, Franklin, Orange, Schuyler, Broome, Columbia, Greene, Monroe and St. Lawrence counties. The canvass does not make any material change from the figures already published.

ALBANY, November 12.—The board of canvassers of Albany County are making slow progress. No footings of the vote are yet announced.

The board of canvassers of New York County examined the returns of the first three assembly districts to-day. Few differences from the press reports published on Wednesday morning were discovered. Nothing was found that will materially affect Cleveland's plurality, as published. It is estimated that Oswald Ottendorfer may fall 100 votes behind his comrades on the electoral ticket.

The board of trade and transportation have adopted a resolution, condemning the expressions of an inflammatory character in Connecticut, with the close of the contest of the Presidential election; scolding the idea of fraud, and asserting that every citizen will submit to the determination of the constituted authorities.

CANTON, N. Y., November 12.—St. Lawrence County votes are nearly canvassed without changing figures already given.

ROCHESTER, N. Y., November 12.—The official canvass of Sullivan County is not completed, owing to clerical errors.

NEW YORK, November 12.—The official canvass of twenty wards of King's County shows a gain of thirty-nine votes for Cleveland and two for Blaine.

NEW YORK, November 12.—A change favorable to Blaine, of 230 votes in seventeenth district of the second assembly district, as against the returns published on Wednesday morning, was made by the board of canvassers of this county, to-day. But on careful comparison of the police and press returns it was found that the difference would be made up in the districts to be canvassed.

BUFFALO, November 12.—No change was made to-day in the Erie County Presidential count.

### A Grand Celebration.

ALEXANDRIA, Va., November 12.—An all-day celebration of the Democrats of this city, in honor of the election of Cleveland and Hendricks, was the grandest affair of the kind ever seen here. The procession was immense. After the procession 5,000 people were fed at a barbecue. To-night the city is illumined and a very large torchlight procession is parading the streets. Speeches were made by Generals Rosecrans, Fitz Lee, J. S. Barbour, R. T. Merrick and others.

### New Hampshire Figures.

CONCORD, N. H., November 12.—The official returns received by the Secretary of State give the following as the result of the vote in this State: Blaine, 43,166; Cleveland, 39,166; St. John, 1,573; Butler, 552; the aggregate vote, 84,957. Blaine's plurality, 4,000; Blaine's majority, 1,875. Courier, Republican, for Governor, has a majority over all of 498.

### British Turf.

LONDON, November 12.—At the Shrewsbury November meeting, to-day the race for the Shrewsbury cup (handicap) was won by Springbok, Postscript second, Empire third.

### Mothers.

If you are failing; broken, worn out and nervous, use "Wells' Health Renewer." \$1. Druggists.

### Thousands Say So.

Mr. T. W. Atkins, Girard, Kansas, writes: "I never hesitate to recommend your Electric Bitters to my customers, they give entire satisfaction, and are rapid sellers." Electric Bitters are the purest and best medicine known, and will positively cure kidney and liver complaints, purify the blood and regulate the bowels. No family can afford to be without them. They will save hundreds of dollars in doctors' bills every year. Sold at 50c. a bottle, by Z. C. M. I. Drug Store.

What are the desirable qualities in a whisker dye? It must be convenient to use, easy to apply, impossible to rub off, elegant in appearance, and cheap in price. Buckingham's Dye for the Whiskers unites in itself all these merits. Try it.

"PRICKLY ASH BITTERS" is purely vegetable in composition. It acts directly on the liver, kidneys, stomach and bowels, affording relief and a cure in all cases.

## WASHINGTON.

The Corn Crop—Breadstuffs Exports—The Monument, Etc.

WASHINGTON, November 12.—The Department of Agriculture reports the November returns of the rate of yield of corn indicates that the product is somewhat in excess of 1,800,000,000 bushels, or an average rate small fraction above 24 bushels per acre. The best yields are in 1883, in what has been designated the Great American Desert. The arid regions in the vicinity of the hundredth meridian have produced heavy crops of maize. The high quality of that line of longitude has ceased to be an absolute barrier to corn production or general farming, the rate of yield in Nebraska being 33.5, Kansas 35, Iowa 35, Missouri 34, Minnesota 33.5, Ohio 31, Illinois 30, Indiana 29, Michigan 27, Wisconsin 24.5, Kentucky 23. The Pacific coast returns yield 33 bushels in Washington, California 30, and Oregon 23. The southern States report a yield of 22 bushels in Maryland, 20 in Tennessee, 19 Arkansas, 16 Virginia, 15 Texas, 13 Mississippi, and Alabama 12.8, in Louisiana and Georgia and less in other States. The New England average is nearly 33 bushels, New York returns 30, and Pennsylvania 31. The quality of corn is better than in 1883, nearly everywhere, and in the Northern belt is worth 25 to 75 per cent more. The potato crop is nearly an average yield of 30 bushels per acre, and exceeds 191,000,000 bushels.

The total values of domestic breadstuffs exported during October were \$11,541,112, against \$14,740,894 during the corresponding month of 1883. For the ten months ended October 31st, they were \$120,938,047, and \$145,125,331 the corresponding period of 1883.

The Washington monument to-day reached a greater height than that of any structure in the world, being 520 feet 10 inches above the floor of the monument. The next highest structure is the spire of the Cologne Cathedral, which is 515 feet above the floor of the building. It is estimated it will take but twenty-five working days to complete the monument, so there is no doubt of its being finished in time for dedication on the 22d of February.

The Secretary of the Interior has received the annual report of the Commissioner of Pensions for the fiscal year ended June 30th, 1884. The report is dated November 10th, and is signed by W. W. Dudley, Commissioner. He states that there were, at the close of the year, 322,753 pensioners, classified as follows: 218,953 army invalids, 75,383 army widows, minor children and dependent relatives, 2,619 invalids, 1,935 navy widows, minor children and dependent relatives, 3,398 survivors of the war of 1812, and 19,512 widows of those who served in that war. There were added to the roll during the year, 31,192 new pensioners, and 1,221 whose pensions had been previously dropped were restored to the roll; 46,815 were dropped from the roll for various causes. The net increase to the number on the roll is 19,008. The average annual value of all the pensions was \$34,459,000, an increase over the like value for the previous year of \$2,211,407. The amount paid during the year to 31,207 new pensioners was \$23,413,815, and there remained in the hands of the several pension agents 7,203 cases of this class unpaid, in which there was due \$4,949,000. The commissioner says that at the rate claims have been filed the past few years, the close of the year 1889 will undoubtedly show 1,000,000 claims filed for pensions since 1861. Since that year the total amount disbursed is \$978,346,834. The commissioner advocates the adoption of remedial legislation by Congress which shall take from the claimants some burdens which, in their operation, amount to a practical denial of his claim. The commissioner adds: "Unless legislation applicable to them be considered, the same to specify the classes to be affected, and the character of proof which shall be deemed sufficient to entitle to pension, the result will be to practically deny a pension to many thousands of brave and disabled soldiers, whose suffering and unfortunate social conditions appeal to the gratitude, sympathy and merciful consideration of Congress. Perhaps it would be more to the purpose to say that the plea in behalf of the veterans was for justice and justice alone." Of the system of special examinations he says: "It cannot fail to be gratifying to show that the service has been more than self-sustaining, with a balance of \$1,802,102 as a net saving for one year."

### Canadian Competition.

LONDON, 12.—The Times, in a leading editorial, urges the Canadian government to reduce the sugar imports from the West Indies, thereby opening the West India market to its own products, corn, fish and timber, which will enable Canada to export as cheaply as the United States, and would also enable Canada to compete with America in sugar refining and other manufactures, by obtaining a cheap and plentiful supply of the raw material. There is nothing to prevent mutually advantageous trade with the West Indies. It rests with the Canadian themselves whether to allow America a monopoly of the West India trade or not.

### The Michigan Plurality.

DETROIT, Mich., November 12.—Forty-three of the eighty counties of Michigan report their official count. Blaine's plurality is 13,333. The Fusion plurality is 19,008. The average annual value of all the pensions was \$34,459,000, an increase over the like value for the previous year of \$2,211,407. The amount paid during the year to 31,207 new pensioners was \$23,413,815, and there remained in the hands of the several pension agents 7,203 cases of this class unpaid, in which there was due \$4,949,000. ### Turfmen.

CHICAGO, November 12.—A meeting of the representatives of the racing tracks of Louisville, Latonia, Cincinnati, St. Louis, Chicago and other points of the west and south, was held here to-day, for the purpose of revising the rules and consulting for the general good of sport. Without reaching any business of importance, adjourned till to-morrow.

### The Preacher Actor.

SAN FRANCISCO, November 12.—George C. Miln, of Chicago, opened here in Hamlet this evening in the Grand Opera House, to a large and critical audience. He was favorably received.

### Mississippi's Vote.

JACKSON, Miss., November 12.—Yazoo City and Meridian celebrated Cleveland's election to-night. The official vote of Mississippi is: Cleveland, 78,457; Blaine, 39,774.

### The Patti Divorce.

PARIS, November 12.—The Tribunal has proclaimed the absolute dissolution of the marriage of Patti and Caux.

### Hendricks.

PHILADELPHIA, November 12.—Hendricks will review a Democratic parade on Saturday.

### LIGHTNING FLASHES.

The commission to ascertain and report on the best method of promoting trade between the United States and Central and South America will reach San Francisco on the 21st. They afterwards go to Mexico.

By reason of the outbreak of cholera in Paris, Boston has taken precautionary measures regarding arrivals from foreign ports, especially on the French coast.

At the plenary council, at Baltimore, several subjects were given to committees, most of whom are expected to report Friday. It is understood the higher education of the clergy and people and of the marriage relation will be among the most important questions to be disposed of.

"This is to certify that I have examined, analyzed and tested Dr. Price's Special Flavoring Extracts of Vanilla, Orange, Lemon, Celery, etc., and find the same strong, fine, made of good material, and therefore I commend them for family use."

## HERE AND THERE.

The Cholera Ravages Still Continue.

GEN. GORDON AT KHARTOUM.

Third Jollification in One Town—Poor McCullough—China's Troubles.

Paris, November 12.—In the eighteen hours ended at 6 o'clock to-night, there were thirteen deaths from cholera in Paris.

MELUN, November 12.—In the last forty-eight hours there have been seven cases and two deaths from cholera.

TOULON, November 12.—Two deaths from cholera, to-day. Several fresh cases are reported. An actor was seized with vomiting last night as he went up on the stage and died shortly afterwards of apoplexy. The city is dirtier than ever.

PARIS, midnight, November 12.—During the past twenty-four hours there have been forty-seven deaths in this city by cholera, including fatal cases in the hospitals.

PARIS, November 12.—The Telephone Company granted the free use of their offices for the calling of assistance for cholera patients. The Patriotic League converted its meeting hall into a cholera hospital. The Archbishop of Paris is a daily visitor at the hospitals. It is noticeable that the suburbs of this city, where the drainage is bad and the water mere sewerage, are unaffected by the epidemic, also that the environs of the metropolis are scarcely affected by the disease, while in several portions of the city which are well supplied with water several cases have occurred.

Le Soir says: "The quarters on the right side of the River Seine, which have been severely attacked by cholera, derive their water from the Leveque canals. Paris, November 13.—The people continue fearless, though the epidemic is spreading throughout the city. One warehouse on Monday sold 20,000 yards of red flannel, which is supposed to be a preventive against cholera. The troops and policemen on night duty are allowed run with their coffee. The exodus of foreigners increases. A continuous string of vehicles line the neighborhood of the railway stations. The doctors are of the opinion that strong healthy people are not likely to be attacked by the disease. No hospital attendants have been seized by the cholera, therefore the plague is considered not to be contagious. The chambers of the city have been furnished with water heavily charged with carbolic acid. The cases occurred in the police department situated in the 'slums.' It is feared the disease will rapidly spread there. The prisoners in the station there awaiting trial, or disposal after sentence, are huddled in nauseous holes, with scarcely any daylight and reeking with the foulest odors. Their bed linen, seldom cleaned, is now being washed and disinfected. MARSEILLES, November 12.—Three friars of the Ecole Chretienne have died from cholera. The schools are closed. It is believed the number of cases at Toulon is understated, under the influence of hotel keepers. Numerous fugitives from Paris have arrived at Genoa. Spaniards residing in Paris are returning to Spain to avoid the threatened quarantine.

Nothing Solid.  
SAVANNAH, Ga., November 12.—Among the resolutions adopted at the grand Democratic meeting last night, was the following:  
Resolved, That we will welcome the day when there shall be no solid south and no solid north, but a solid union, as it was eighty years ago, and when all American citizens, white and black, native and adopted, at home and abroad, shall stand equal before the law, and be covered and protected by our country's flag.

Cattle Men's Convention.  
ST. LOUIS, November 12.—The long-talked-of cattle men's convention will assemble in this city next Monday. There are nearly 9,000 delegates in attendance, and it is estimated that 10,000 cattle men from the northwest, west, Texas and Europe will be present. It will be the first time that the stockmen of the entire country have met in convention.

More Money.  
LONDON, November 12.—Government has issued deficiency estimates with reference to the cost of the Nile expedition. The army will require £1,000,000 more than was previously estimated, and the navy £324,000. For the Bechuana expedition government estimates that £675,000 will be required by the army and £50,000 by the navy.

A Bad Brother.  
KITTITING, Pa., November 12.—During the absence from home of George Houser, who resides near Dayton, Armstrong County, a 14-year-old boy stripped a younger sister and placed her on a red-hot stove, burning her so severely that her life is despaired of.

France and China.  
HONG KONG, November 12.—The French casualties in the fight on Tam Sai road last night were trifling. The French have captured the Chinese gunboat Feiboo.

McCullough.  
ST. LOUIS, November 12.—John McCullough did not start east to-night, but is spending his time quietly at the Southern Hotel, under the watchful care of friends. He seems quite rational on all subjects except acting, and insists that he intends to meet his engagements for the season.

In China.  
HONG KONG, November 12.—The Chinese are still blocking Keelung. The situation of the French in Tonquin is daily becoming more perilous. Their outposts are subject to constant attacks, and great difficulty is experienced in procuring provisions in the territory between Hanoi and Sontay and daily skirmishes take place. The health of the troops at Bac Ninh is bad, and numbers of men are unfit for service.

McCullough.  
ST. LOUIS, November 12.—John McCullough did not start east to-night, but is spending his time quietly at the Southern Hotel, under the watchful care of friends. He seems quite rational on all subjects except acting, and insists that he intends to meet his engagements for the season.

## Good Enough.

Troy, N. Y., November 12.—Correspondents and reporters of the Troy Telegram interviewed seventy-five manufacturers in the largest manufacturing towns of northern New York, on the effect of politics on their industry. Republicans and Democrats agreed that the election of Cleveland would have little effect on the manufacturing industries.
